Your Title Here

Author Name Here

October 17, 2011

Contents

1 Section Title

1.1 Subsection Title

First paragraph stuff goes here.

Leave a blank line to mark the next new paragraph.

- first item in list
- second item in list
- - first item in sublist
- - second item in sublist
- - - indented even more!
- - - indented even further
- third item in list
- - first item in sublist
- - - third degree list!

1) This is how

- - to create 2) an ordered list
- 1) you might also want
- 2) numbers in here

2 Remarks

I should make the following remarks:

- Text in the same paragraph should be on the same line. In TextWrangler, for example, you can change the view to enable soft text wrapping. Just click on View ¿ Text Display ¿ Soft Wrap Text.
- Pay close attention to where blank lines are located.
- Double line breaks are ignored. Line breaks within lists are ignored.
